

'Wear it Pink' Day

During the recent wear it pink day in aid of the charity Breast Cancer Campaign, all Kellands employees came to work dressed for the occasion wearing at least one item of pink clothing. A special mention goes out to Harold Mear (Harry), our very brave company secretary who agreed to have his chest waxed on the day by sales administrator Callyanne Randall, which boosted the overall amount raised to an impressive £171.10.

 **TEREX®**

Terex UK held their own 'Wear it Pink' Day at their Coventry facility with raffles, cake sales and a 'who can wear the most pink' competition. With the aim of raising £3,000, they also had another special trick up their sleeve, one of the latest TLB840 backhoe loaders sprayed in pink, which was paraded through Coventry to raise awareness about breast cancer. It finished up being parked outside the Coventry Transport Museum to drum up support from the public. For more information and pictures of the event, please visit the Terex just giving page which will be available until the end of January 2012, for anyone wishing to make a donation. www.justgiving.com/thepinkbackhoe

 **SMILERS**
SAND & STONE 

Pictured right, Smilers putting their recent purchase, a new 1m³ capacity Terex TL100 wheel loader, fitted with the latest weighing system, to good use.

Smilers Sand and Stone are specialists in the all year round supply of dry screened topsoil, based in Bridgwater they have been delivering quality topsoil to private and trade customers in Somerset and surrounding areas for the last 18 years.

HARRIS AND HARRIS Bridgwater based company **CONSTRUCTION LIMITED** Harris and Harris Construction **CIVIL ENGINEERING** Limited specialising in construction, groundworks and civil engineering, has extended their fleet after purchasing their first Doosan machines from Kellands. The two 14ton DX140LCR excavators featuring a reduced tail-swing, will mainly be used on housing development projects all over the South West. Machine operator Nigel Harris pictured right was particularly impressed with the stability of his new machine, he also thought the smoothness of the controls, cab comfort and layout were excellent.

Kellands have recently expanded their new equipment range, after becoming the official distributors for Belle Group products. Kellands now offer an extensive range of 'light equipment' with the majority of items available from stock, ranging from compaction plates, concrete mixers, floor saws, pokers, power-packs, vibrating beam screeds, motorised pedestrian mini dumpers and much more.
